University of North Carolina-Chapel Hill | Web Development | Coding Certificate | 2019

North Carolina State University | Raleigh, NC | (21 credit hours completed)

Inquisitive and solutions-driven Web Developer with a background in sales and management. Received a certificate from an intensive Boot Camp from the University of North Carolina at Chapel Hill in Full Stack Web Development | Coding. Experienced in HTML5, CSS3, Bootstrap, JavaScript, jQuery, Firebase, Node Js, & MySQL. Strong attention to detail, works well under pressure to meet deadlines, very organized, and is an innovative and collaborative problem solver.

Technical Experience

Sports Now | Lead Developer

Demo: https://lmboyle.github.io/sportsNow
GitHub: https://github.com/LMBoyle/SportsNow
An application for sports fans that travel with their teams. It allows them to find upcoming events for their team then find flights and hotels.
Tools: HTML5, CSS3, JavaScript, AJAX

Clicky Game | Sole Developer

Demo: https://lmboyle.github.io/clickyGame
GitHub: https://github.com/LMBoyle/clickyGame
An application for users to test their memory. They click on a character, which shuffles the cards and they continue until they've selected all the characters once, or they select a character a second time.
Tools: React, HTML5, Bootstrap, JavaScript

Eat Da Burger | Sole Developer

Demo: https://zhaokevinma.github.io/project1/
GitHub: https://github.com/zhaokevinma/project1
An application for sports fans that travel with their teams. It allows them to find upcoming events for their team then find flights and hotels.
Tools: HTML5, CSS3, JavaScript, AJAX

Work Experience

Brian Doby Service Center | Shift Manager

2017 - Present
Managed a small team while performing daily services. Tasks included providing quality customer service, managing inventory, opening/closing the store, training new employees, and maintaining store appearance.

Elon University Campus Recreation | Operations Assistant

2017 - 2018
Managed customer service desk and maintained money services. Greeted patrons and took incoming calls, then assisted based on need. Processed customer purchases, aided in safe equipment operation, and ensured a clean and organized Fitness Center.
